#### Post Office Site Stirs Council

The selection of a site for a new post office resulted in another clash between Seaside's Mayor Louis Haddad and the city council last week.

This time Haddad found himself charged with not consulting council members before he, City Planning Director William Burris and City Manager Milton R. Farrel met with postal officials in San Francisco.

They returned with a recommendation for a site on Echo Avenue which was discussed at a planning commission meeting earlier in the week.

Councilman Gerald McGrath contends that as a result of that meeting a previously-favored site at Terrace and Broadway was being shunted aside. This contention is shared by the other council members.

As a result of this the Council voted unanimously to draft a letter to James G. Schultz, regional real estate officer for the U.S. Postal Service, informing him that the city is not interested in the site on Echo Avenue and asks consideration of an alternative.

Another debate started after McGrath presented an ordinance that would remove the exclusive appointment power of the mayor over city boards and commissions, changing the law to allow a majority of the council to approve nominees and allowing any council member to submit a nomination. The council voted 4-1, with Haddad dissenting to introduce the ordinance.

In related action J.B. Dolan of Seaside, who has threatened the council with a recall election several times in the last months, announced that he had been appointed as president of a recently formed non-profit corporation, the Seaside Citizens for Good Government. Dolan stated that introduction of the ordinance would be "driving another nail in the recall coffin of the council."

#### Beautification Plan Tentative

A proposed beautification plan for Fremont Boulevard, Seaside's main business district, was agreed to "in principle" last week by the Seaside City Council.

The decision came after a joint presenta-

### Legion Holds Special Blood Drive Tuesday

The urgent need for blood at all Monterey County hospitals has prompted American Legion Post 591 to call Red Cross for a special Peninsula Bloodmobile to be held on Tuesday, September 29, from 2:30 to 6 at the Seaside Fire Department, Olympia and Del Monte.

"This is the time of year when blood bank deposits are at their lowest and donors needed most," said Leo Wojcikowski, American Legion Coordinator of the drive.

He also stated that according to word received from the Red Cross Four County Blood Center in San Jose, all types of blood are needed and every blood type is the "right" type. Donating a pint of blood today means that many patients will benefit, since a number of by-products can be made available from a single unit of blood. It may be separated into red cells, which carry oxygen to all parts of the body and are used in the treatment of anemias; into white cells (disease fighters) and platelets, which are essential for blood clotting and into cryoprecipitate and fresh frozen plasma, the major source of valuable blood derivatives.

Part of the blood may be fractionated into gamma globulin, used in the prevention and modification of measles and hepatitis; serum albumin, used in the emergency treatment of shock or to replace lost proteins; fibrinogen, used when hemorrhaging occurs in certain childbirth complications and anti-hemophilic factors.

The actual process of giving blood is quite easy, with the donation taking approximately seven minutes and the remainder of the processing usually requiring about forty minutes.

### Tunney Names Chairmen

At the regular monthly meeting of the Monterey County Democratic Central Committee, chairman Russ Hansen announced that John V. Tunney, candidate for U.S. Senate, appointed Mrs. John (Marion) Robotti as his chairman, and Mr. Francis Lloyd as his co-chairman. He also appointed Mrs. Edgar (Florence) Viall as chairman of publicity.

Hansen made the announcement at the Democratic Central Committee meeting while emphasizing how well Tunney would be represented since Mrs. Robotti has been a member of many Monterey Peninsula organizations including ten years on the area board of Children's Home Society Adoption Services, a member of the Democratic Central Committee for four years, vice president of the Altar Society of Carmel Mission and president of the Democratic Women's Club of Monterey County for three terms. Francis (Skip) Lloyd is an attorney on the Monterey Peninsula. He has been a member and a director of the Bach Festival, board member of the Carmel Library and board member of the American Cancer Society.

Mrs. Robotti would like to have anyone interested in working on the Committee for John Tunney call her at 624-1113.

### Partners Return From Mallorca

Eugene J. Madison and Thomas R. Doyle returned last week from a ten day business trip to Mallorca, off the coast of Spain.

As business partners for the past eleven years, Madison and Doyle operate several businesses in Seaside including TV Mart. They departed by charter airline from Oak-

### New Plates Help Fight Pollution

State Senator Donald L. Grunsky (R-Central Coast Counties) has offered a reminder to California motorists that they have an opportunity to help in the fight against air pollution.

Grunsky said, under legislation approved during the past session of the Legislature, automobile owners will be able to order personalized license plates for a \$25 fee. Money from the plate sales will go into a new state fund to fight air pollution and support other programs designed to enhance and preserve the State's total environment.

The plates may contain any combination of up to six letters, so long as they do not conflict with regular plates or use offensive language.

The Senator cautioned that the open period for filing applications for the personalized plates is Tuesday, September 22. After that date plates will be accepted on a first come first serve basis.

Grunsky said, "The plan, which was part of Governor Reagan's proposed Omnibus Clear Air Law, is the first personalized license plate program enacted by any state or nation for the specific purpose of combating pollution."

Persons wanting to order personalized plates can obtain application forms at any Department of Motor Vehicles office, as well as at many service stations and automobile dealerships.

A "special plate" renewal fee of \$10 will be due each year, starting in 1971, in addition to the registration renewal fees normally payable.

Personalized plates will be issued only to the registered owner of the vehicles on which they are to be displayed. If the owner sells, trades or otherwise gives up possession of his car, he must either take off the plates and surrender them to the Department of Motor Vehicles or transfer the plates to another vehicle. The fee for transferring the plates will be \$12.

The plates will be the same color, gold on blue, and the same design as regular plates now being issued. However, they may be attached to passenger cars only, no trucks, trailers or motorcycles.

Delivery of the plates, according to the Department of Motor Vehicles, will probably be late in October. Each set of plates will have to be manufactured individually after being matched against a variety of lists.

Grunsky added, "This is an excellent opportunity for many to voluntarily participate in a program to preserve California's environment. If adequate funds are raised through this means it will enable the research programs of the University of California and other institutions to progress at a more rapid rate in the hope of solving many of the air pollution problems which are reaching dangerous proportions."

### Monterey County Gets More Funds

State Controller Houston I. Flournoy announced he has apportioned \$13,534,386 among the 39 counties sharing in 1960-70 revenues from United States Forest Reserves. This was \$2,186,578 less than the apportionment for the previous year, a decrease of 13.8 percent, Flournoy said. The apportionment represents 25 percent of the total Federal revenues received from forest reserves in California during the fiscal year ended June 30, 1970.

The 11 counties with the smallest populations received 33.96 percent of the total apportioned, the Controller pointed out. Alpine, Mono, Mariposa, Modoc, Trinity, Amador, Calaveras, Plumas, Inyo and Colusa Counties have less than one-half of one percent of the State's population but they contain 34.85 percent of the total forest reserve area in the State and account-

### Lomeli Receives Medal

Army Chief Warrant Officer Frank P. Lomeli, whose wife, Kathryn, lives in Marina, recently received the Army Commendation Medal while serving with the 5th Transportation Command near Da Nang, Vietnam.

CWO Lomeli earned the award for meritorious service as a food advisor with the command's Headquarters Company.

He entered the Army in January 1955 and was last stationed at Ft. Ord.

He holds the Air Medal and three awards of the Bronze Star Medal.

ed for \$4,596,478 of the apportionment.

One-half of the amount apportioned to each county is deposited in its County School Service Fund, and one-half in its County Road Fund.

Monterey County's share was \$4,480,72.

### Pearl Carey Calls For Economic Change

In a speech before the Seaside Kiwanis Club last week, Councilwoman Pearl Carey told the audience that the American Negro is no longer an object of history, but is now a subject.

To insure his place in history, it is time for an end to economic discrimination and for the beginning of a movement for social change on the individual level, she said.

Despite changes in laws, welfare reform legislation and the establishment of civil rights, Mrs. Carey said, no economic change has been brought about. Without money, she added, any improvement of the Negro's role in America is only a dream.

"The failure," she continued, "to establish the goal of eliminating economic discrimination and to make it a national commitment has resulted in policies of neglect. These policies have fostered the present crisis situation in which hope has given way to frustration and frustration in turn has given way to despair."

Mrs. Carey said that a change in cultural attitudes is essential in order to bring about the changes she sees as necessary.

"Cultural change," the councilwoman said, "is difficult to accomplish no matter how moral and how justifiable. However, it is precisely this change that the American Negro is particularly equipped to bring about. He has always had a culture; he has been here from the beginning of our government."

"He has learned the religion, supported the economy with his back, fought the wars, produced music and raised the white man's children. Yet he was economically shut out and slavery largely denied him his identity."

"Now he is well on his way toward establishing the identity once denied him."

According to statistics of the U.S. Department of Labor and Department of Commerce released last year and cited by Mrs. Carey:

Black families receive the median income which is 40 percent less than white families. The average median income for blacks, according to the statistics, is \$5,590, while for whites it is \$8,936.

The report showed that education has meant little in the way of economic advancement.

The median income for black men 24 to 25 who have graduated from high school was less than that of white men of the same age with only an eighth grade education.

The same is true of black men with one or more years of college compared to a white man with a high school education.

"What I am talking about is basically an economic problem," Mrs. Carey said. "In the space program, we set a goal and we reached that goal in the decade of the 60s. The same kind of approach can be applied to domestic programs in the decade of the 70s."

### Schools Open, Drive Carefully

School's open and motorists are reminded that the safety of thousands of youngsters depends on their driving.

Close to 11,000 children each year are involved in traffic accidents as they travel to and from school, according to the California State Automobile Association. Primary grade children are especially vulnerable because they might be unfamiliar with safe pedestrian practices. Consequently, children 5-8 years are involved in two out of every three school-age pedestrian accidents.

In reminding motorists that a child and a 3,000 pound car do not make an even match, the AAA motoring organization asked all drivers to give schoolchildren an extra margin of safety by yielding right-of-way to young pedestrians, slowing down in school zones, being extra alert for children in areas around schools during opening and closing times, and following all safety rules.

The CSAA noted that it was especially important to show respect for the School Safety Patrols, who have done such a fine job over the years. The AAA is currently celebrating the fiftieth anniversary of its national part-

### Publisher's Report Seaside Ripples

A.E. 'Andy' Barragan, Publisher

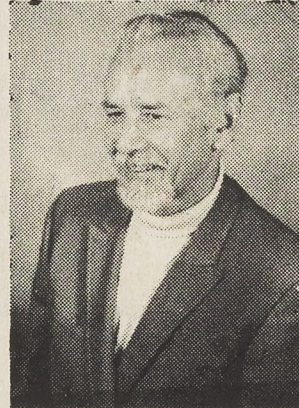

"Land and Liberty" has been the pleading cry of every freedom-loving people when they have had to fight against their oppressors. The cry goes back to the French revolution and was echoed in our own revolution when we fought the oppression of the British Crown against our small colonies. We won the right to own land and we bled for our liberty. We incorporated those rights in one of the most sacred and democratic documents ever written, the United States Constitution and the Bill of Rights. These two were made possible by the Declaration of Independence which freed us from subservience to the King of England.

It seems from the sound and fury emanating from our city council chambers that certain individuals and groups are trying to substitute the words "Real Estate" for Land and "Intimidation" for the word Liberty. Let's examine the big fight over "Real Estate."

At the last council meeting the big beef arose when the majority of the council took on Mayor Lou Haddad for trying to get the Post Office moved from its previously-favored site at Terrace and Broadway to another site on Echo Avenue. We'll get back to this meeting later on.

Not too long ago the council was involved in "Real Estate" again on the issue of the commercial buildings on the corner of Noche Buena and Broadway being traded for the old city hall site located on Del Monte Blvd. And not too long before that the grand-daddy of all "Real Estate" deals came up in the city

### Laguna Seca Tickets Lost

SCRAMP has announced that over 3000 tickets for the October 16, 17, 18 Monterey-Castro Grand Prix have been lost in transit. The lost tickets are described as follows:

50 advance sale 3-day combination, orange color; 200 Saturday military admission, green color; 1500 Saturday SCRAMP worker passes, pink color; 1500 Sunday SCRAMP worker passes, green color.

Bob Huggill, SCRAMP's business manager, said that anyone having knowledge of the whereabouts of the missing tickets should contact the Laguna Seca office, (408) 373-1811, or mail them c.o.d. to Box 2078, Monterey, CA 93940.

"We believe these tickets were lost somewhere on the highway west of Salinas," Huggill continued. "We strongly urge those buying advance sale tickets to deal directly with our authorized ticket agencies or by airmail with our office, as we are re-printing the lost items in a different color and no other color of ticket in the lost categories will be honored at the gate on race day."

### Faces Around the Bay

HERMOSILLO means beautiful site in Spanish and Rosa and Ben Hermosillo are always a beautiful sight to behold. They are the owners-operators of ZORIDA'S Mexican Restaurant which is named after their most lovely little girl Zoraida, aged 5 years. The Hermosillos have been in Seaside for many years and used to operate the old Sombrero restaurant also on Fremont, before they moved over to this more spacious location at 1130 Fremont. Ben has won quite some fame as a Mexican food chef and has worked in some of the better restaurants throughout the Southwestern United States. One taste of his food will convince you of this.

## Grooving Around The Peninsula with Betty Mann

Hi There Fellow Peninsulans. By the time this column goes to press, the 13th annual Monterey Jazz Festival will have been a thing of the past. The motel and restaurant owners are probably all smiles! Here's a quotation I read in the San Francisco Examiner, about Monterey Peninsula motel owners: "The trek to Monterey, despite the traffic and despite the gouging by the motels which constitute one of the great examples of inflationary larceny in recent history is truly worthwhile." So not until next week, will I bring you the happenings that have taken place at the Monterey Festival and all that jazz.

The peninsula was recently blessed with very distinguished visitors, Mr. and Mrs. Samuel Jackson of Washington D.C., who were visiting his sister and brother-in-law, Mr. and Mrs. Clyde Andrews, Sr., of Seaside. Sam as I've always known him, is the Assistant Secretary of Housing and Urban Development in Washington and he is responsible for \$1 billion a year. He appeared in Life magazine's July 24th issue as one of the top six black men in America.

Sam hails from the hometown of Topeka, Kansas. I am also a native of this town. His family and mine were mutual friends and I remember him as a very good friend of my brother James. Sam as a young man, aspired for the greater heights in life early. He attended Topika High and graduated from Washburn University in Topeka. He received his law degree from there also. He practices a few years as a very aggressive and respected young lawyer; he was elected president of the local NAACP and proved to be helpful to the entire community. He then decided to move his family, which consists of lovely wife Judy and two daughters, Marsha, 16, and Brenda, 12, to Washington, D.C. There he became very active in politics. He is a dedicated Republican (which was then very odd for a black living in Kansas; the majority are Democrats). HE was appointed by President Johnson to a post in Washington, and later with the new Republican administration taking over, he was appointed by Nixon to his present post.

While Sam was here on the Peninsula, I had the pleasure of being invited over to his sister's home for cocktails. We renewed fond acquaintances and memories. I wanted to know some of the projects that HUD had for the future. The many opportunities that were being offered to persons of low income such as the Hannon project, that is going up here in Seaside, were explained to me. Sam stated that homes that range up to \$24,000 are being allocated for low income persons. The payments on these homes are pro-rated by the person's income. A house payment constitutes one-fourth of the person's salary. This project is available to single women, single men, families of low income and welfare recipients. He also stated there are many more exciting future projects in the offering from HUD.

While speaking with Sam, I thought of another famous Kansan who has also made us very proud. He is Art Fletcher. He also attended Washburn University in Topeka. He is another of the top isx important black policy makers in the Nixon administration. Art is Assistant Secretary of Labor and is responsible for one of the administration's few civil rights innovations. This is the Philadelphia Plan, which sets nonwhite hiring quotas on federally financed construction projects. All I have to say to these home boys is right on, right on!

Also visiting in the Clyde Andrews household was Capt. Clyde Andrews Jr., who was visiting his parents. With him was his wife Melva and their children. Clyde Jr. is enroute to Thailand for a year's tour of duty. Upon completion of this tour, he will return to the States and finish his law school studies in Washington, D.C. He aspires to follow in his famous uncle's footsteps. Here's wishing the best of everything for Clyde.

Meanwhile, news from abroad. I've read in the Brussels, Belgium newspaper that Ophelia (Pryor) Raymon is serving as camp director of the Youth centers summer day camp. Ophelia writes that she will be back in Seaside on December 5. Her husband Frank has received orders for Viet Cong country. Ophelia sounds like she has had a ball in Brussels and other countries she has visited, but as known by all of us who have ever left Seaside, she is very much ready to return home.

Also across the big pond is Mary (Bandi) Mike, who is on a month's tour of Europe with other company employees from the aircraft firm where she works. Mary has visited "Gay Paree," Germany and many other places on this vacation jaunt.

Also sending regards from Houston, Texas, to the folks back home is Delores Isaacs of Pacific Grove. She is attending law school there. Delores states that the school she is attending is not Harvard, but the classes are small, the courses are good and so are the profs (smiles). Delores will return to this area after she receives her degree, and plans to set up law practice in this area (isn't it

## Flower Children Take Over

The tasteful quarters of Mrs. Richard Stupak at 215 Hayes Circle on Fort Ord became a lively "pad" on Wednesday, September 2nd, with big, beautiful bright colored paper flowers blooming everywhere. The happening was a "Flower Children's" coffee attended by a group of ladies of the Army Combat Developments Command Experimentation Command and of the Litton Scientific Support Laboratories.

The CDCEC ladies were wives of the officers of the Office of the Deputy Chief of Staff for Instrumentation, as were the co-hostesses, two young wives of CDCEC Lieutenants who had this far-out idea for the coffee and who handled the arrangements. They were Mrs. Stupak and Mrs. Carlton Brown, who went all out making "in" decorations and provided a dessert buffet to accompany the coffee which would have pleased the most affluent of The Establishment.

The other ladies of the instrumentation group greeted the idea with amusement and enthusiasm; and, for that morning, put aside their more dignified attire, coming to the coffee in the carefree garb and headbands of Flower Children. The colors and patterns of their apparel were all so wild and wonderful that no one could be decided upon as "best" so the prize was given instead as a doorprize and went to Mrs. Albert Hayes Jr., whose husband is of Litton.

Mrs. Warren G. Sutherland Jr., whose husband Colonel Sutherland is the Deputy Chief of Staff for Instrumentation,

## Beeps Hold Conference

The Seaside Business and Professional Women, known as the "Beeps," met at the home of Mrs. John Bean last Wednesday evening. Program for the meeting was legislation.

Seaside's Mayor, Lou Hadad, was the speaker for the evening and gave an interesting report on city government.

The Seaside Beeps will be represented by president Eileen Roeder at the Fall Conference to be held in Santa Cruz. The Peninsula District Conference of the California Federation will be held on September 26 and 27 at the Holiday Inn. Mrs. Florence Leonard of Sunnyvale, president of the Peninsula Conference, will preside.

The October meeting of The Business and Professional Women will be a combined meeting of the Seaside, Monterey, Pacific Grove, Carmel and Marina Clubs.

### POST TOASTY

Some minds are like concrete, all mixed up and permanently set.

was present, but, at first, unrecognized in her blonde wig. Also present was Mrs. Kay Dubiel, mother of Lieutenant John Dubiel of the Instrumentation Group, visiting here from Springfield, Massachusetts.

Other CDCEC and Litton ladies present at the "Flower Children" Coffee were the Mesdames Anthony Vinhal, David Lang, Stanley Sydenham, Harold Jensen, Ernest Bowie, Richard Amme, L.J. Aamodt, Garwood Vana, Vito Brenna, Elden Heiden, Veikko Jarstrom, Roosevelt Goode Jr., Edward Preston, Leonard Friesz, Daniel Jones and Leroy Schwab.

## Church to Hold Folk Service

A Special Folk Worship Service will be held by Faith Lutheran Church, Seaside, at 8:00, Sunday, Sept. 27.

"Create In Me" is the name of this joyful contemporary Worship Service. The words of the liturgy of the Church are up-dated and set to modern folk tunes. Aguitar leads the singing.

"This form of Worship," explained Rev. Robert E. Bendrick, Pastor of Faith Church, "is an opportunity for people to express their faith in a joyful, alive and meaningful way."

The regular traditional morning service of the Church will be held at 10:30 a.m. that day. Guests and visitors are welcomed at either service. Faith Church is located at 1460 Hilby Ave. in Seaside.

## New Church President Is Elected

The executive committee of the Seventh-day Adventist church headquarters for Central California announced in San Jose recently the election of Earl W. Amundson, 46, of Campbell, as president of the 18,067 member Central California Conference of Seventh-day Adventists.

Mr. Amundson's election came at a meeting of Central California Adventist church officials and leading laymen of the faith. He succeeds Max C. Torkelsen of Campbell, recently elected executive secretary of the Adventists' North Pacific Union Conference in Portland, Oregon.

The new church president was formerly executive secretary of the Central California Conference of Adventists, which comprises some 92 churches in 18 central California counties. The church unit also includes some 30 parochial secondary and high schools, two church-operated hospitals and numerous other church-related institutions.

A native of Aberdeen, South Dakota, Mr. Amundson began his service with the Seventh-day Adventist denomination as a pastor in South Dakota, in 1946. From 1949-1966 he served as a church pastor in Iowa, Minnesota, Indiana, Arizona and Northern California. From 1966 to 1968 he was director of Sabbath school activities for the Northern California Conference of Adventists in Iowa, Minnesota, Indiana, Arizona and Northern California. From 1966 to 1968 he was director of Sabbath school activities for the Northern California Conference of Adventists in Oakland, and was appointed executive secretary of the Central California Conference in January, 1969.

Ordained to the gospel ministry in 1950, Mr. Amundson is a graduate of Union College, Lincoln Nebraska.

## Church Youths Help Seaside Rest Home

"Happiness is making others happy" was the theme for a service project initiated by a group of young people who attend the Christian Science Sunday Schools and Christian Science churches on Monterey Peninsula.

Hearing of the need for some clean-up work at the Seaside Rest Home, 555 Frances Avenue, they called Mrs. Gladys Matthews, manager of the home, and offered their help. On Saturday afternoon, September 12, they appeared at the front door armed with mops, buckets and cloths. They proceeded to wash windows, clean the grounds of litter and perform other needed tasks.

A church member invited the fourteen young people to her home for a barbecue supper, after which they returned to Seaside Home with guitars and other musical instruments to serenade the residents with

old songs and humns. To the great delight of the audience, words to the music were passed around so that all could join in the singing. There was a warm glow at that Seaside Home long after the lights went out.

## County Has Openings

The County of Monterey is now accepting applications for the following positions:

**STAFF NURSE** at a salary of \$649-\$806 per month to work for a minimum of one year on a special tuberculosis project in the Monterey County Health Department. Applicants must be registered as a nurse in California and have a valid California drivers license.

**LEGAL STENOGRAPHER** at a salary range of \$496-\$615 per month to work in the Public Defender's Office in Salina. Applicants should have two years of stenographic

experience in work involving knowledge of legal terminology, forms and procedures. The ability to type 50 words per minute, and take dictation at a speed of 110 words per minute, are also required.

Further information and application forms are available from the Personnel Office, Courthouse, P.O. Box 180, Salinas; phone 424-8611, extension 284.

The Central Mission Trails Heart Association says that the ideal blood pressure is on the low side, but pressures up to 140/90 are usually considered normal.

## Esperanto Is Offered

Pacific Grove Adult School is offering in the fall semester a 5 unit credit course in Esperanto, the international language. Classes will be held on Mondays from 7 to 9:30 p.m. at P.G. High School, 615 Sunset Drive.

This course is intended not only for adults, but also for Boy Scouts of high school age aspiring to earn an Esperanto Interpreter's Badge. It will provide the basis for reading, writing and conversing in the international language. It will provide new bridges to interesting cultures. It will add a

## Graduate Fellowships Are Available

The California State Scholarship and Loan Commission announces the opening of the fifth competition for State Graduate Fellowships with the distribution of applications to every California college and graduate school.

State Graduate Fellowships are available to students who will be entering graduate school for the first time, to those who are currently en-

rolled or to those who have been previously enrolled with preference being given to entering students and those who have completed only one year of graduate school.

Applications must be filed with the State Scholarship and Loan Commission by January 16, 1971. Announcement of winners will be on April 1, 1971.

Fellowship applicants who are entering graduate schools for the first time will be required to take the Aptitude Test of the Graduate Record Examination in October, December or January. Arrangements for this test may be made through the student's college or the Educational Testing Service in Berkeley.

Thurs., Sept. 24, 1970, Seaside POST News-Sentinel Page 3

## Farm Income Is Dropping

Although 1970 will be another record year in gross income for California farmers, mounting production costs will result in a decline in net farm income for the second year in a row.

In making this forecast, Bank of America said total cash farm receipts this year will reach \$4.42 billion, a 4 per cent decline from the \$1.04 billion of 1969.

Earnings will vary for individual farm sectors, with field crops showing major strength. Led by a 12 per cent gain in receipts for hay, 19 per cent

in sugar beets and 76 per cent in wheat, field crops will total about \$840 million this year, up eight percent from 1969. The wheat crop is the state's largest since 1901.

Livestock and livestock products will also add to the overall gain, according to Bank of America agricultural experts.

Gross returns will exceed \$1.8 billion, up three per cent over 1969. The dairy sector is showing particular strength, with gross receipts expected to rise seven per cent to \$514 million.

Such gains will more than offset declines in the vegetable and fruit and nut sectors.

Vegetable receipts will dip three per cent to \$722 million, largely reflecting a five percent decline, to \$829 million in 1970. Most of the major deciduous tree fruits will post income declines as canners work off large inventories of peaches, pears, applesauce and apricots.

"Farm land values, long a source of financial strength in agriculture, are reported to be down 15-25 per cent in some areas of the state devoted strictly to farming."

"Thus, while the lower food prices in store for this fall will be welcomed by consumers and inflation fighters alike, the resulting loss of cash farm income, combined with weakened farm equities, will aggravate the financial problems facing California's agricultural economy over the next 12 months."

## EOP Program Is Discussed

Sheman Smith of Seaside, chairman of the Monterey Peninsula College board of trustees, recently returned from a two-day meeting in Los Angeles of the California Community College Board of Governors' advisory committee for extended opportunity programs and services.

Smith, a member of the committee, reports that the group devoted considerable time to setting up guidelines and goals for the administration of funds allocated to community colleges under Senate Bill 64, better known as Alquist Bill.

MPC received over \$53,000 in SB funds last spring and will receive over \$79,000 this year to help meet the needs of disadvantaged students through its EOP, financial aids and placement programs.

Also studied at the Los Angeles meeting, Smith said, were apprentice programs and ethnic enrollments in community colleges.

## Health Leader Warns of Body Pollution

Americans by the tens of millions are polluting their own bodies, warns Dr. Howard Essegian of Santa Cruz, president of the Monterey Bay Chiropractic Society.

"Instituting sweeping new programs of air and water pollution without educating the public to the hazards of body pollution solves only half the problem," maintains Dr. Essegian.

He says Americans are poisoning themselves each day through direct intake of unnecessary drugs and medications and pointed out that drug-induced diseases have become a major health problem in modern society.

"And I'm not just referring to the so-called pill-popping, pot-smoking generation. The results of their abuse of their own bodies is tragically evident throughout our society," he says. But a quick glance at the contents of the average American family's medicine cabinet reveals the extent to which our nation has become dependent upon pills, capsules and tonics of every conceivable description for every conceivable purpose."

Dr. Essegian says that reckless or uninformed prescriptions and negligence by patients have created an entirely new breed of illness. In fact, in many cases the side effects of drugs can be more serious than the health problems for which they were originally prescribed. And, in some cases, they have even been fatal.

"Drugs are chemicals," he adds. "Our bodies cannot handle chemical pollution -- be it from air, water or unnecessary medication. We are not only killing ourselves, but are also making our offspring and future generations suffer for our carelessness and irresponsibility."

Dr. Essegian recommended that greater emphasis be placed on natural methods in health care and urged parents to avoid the unnecessary and indiscriminate use of drugs and "household medications."

### Seaside Ripples

Continued from page 1

council. That was the issue of the Laguna Grande project and whether it was to be designed into a tourist-oriented area or turned over to light-commercial. The fur did fly over that deal and it isn't over by a long shot, yet. It seems that at about this juncture in Seaside's history the people elected two new members to the city council which didn't go along with the Mayor's plan for Laguna Grande. These new members felt that the loss of jobs that would be created by the abandonment of certain businesses in that area was not justified. As a result the future of the Laguna Grande project is still up in the air.

Now we will turn the scene back to last week's city council meeting and bring in the hero of the plot--a certain Mr. B.J. Dolan, who has incorporated a certain group called now the "Seaside Citizens For Good Government." It seems that this good group wants to recall the city council, especially those two new members who are against the Laguna Grande project because if the Laguna Grande project doesn't continue the way that Mayor Haddad wants it to, then a certain "Real Estate" deal to purchase the Legion Hall might not go through and this might be what is bothering Dolan and the group he is fronting for. Now, Dolan and company have a perfect right to make their views known for all to hear, and they have a right to institute a recall, too, but they don't have the right to hide behind a "smokescreen" of intimidation and threats against those that may not agree with them. They used the incidents of the "Fourth of July Parade" and the fact that councilman McGrath and councilwoman Pearl Carey tried to get a hearing for the arrested participants as an excuse to "Red-Bait" and tried to prove guilt by association on these two council members and anyone else who tried to come to the defense of the rights of these individuals. This group even brought in a professional "Red-baiter"--one George Gividen--to spread his poison on everyone who makes any move to try to be democratic in their views.

No...gentlemen...the issue boils down to what I stated in the first paragraph--"Real Estate." Maybe we ought to take the suggestion made at the last meeting by 'Pat' Patterson who represents another group called "The Committee for Justice and Fair Play" and, before we start a recall, have the Grand Jury come in and investigate and have all parites who might have a grievance against the city government come forward and present their case to these impartial jurors. If that isn't satisfactory then maybe these self-styled advocates of "Good Government" ought to quit intimidating our council members and let them go about the business of trying to run the city government in the best way the know how.

### Letter to the Editor

Sir: On September 16, three more of those who marched in the Seaside Independence Day Parade on July 5, received citations, nearly 2-1/2 months after the parade. This brings the total who have received citations to 23. Cited were Joan and Roger Lorenz of the Peace & Freedom Party and Joan O'Brien of the Movement for a Democratic Military.

The citations were issued while the three, along with others who had previously been cited, were picketing outside the Seaside City Hall on September 16 with a banner bearing the Declaration of Independence marked "censored." They were also giving out leaflets protesting the blackout of the Declaration of Independence and the trials of the marchers which began September 22.

The banner was the same one that was carried at the end of the parade on July 5. It was marked "censored" for last Wednesday's demonstration because the city of Seaside and, consequently, the news media, has totally ignored the fact that one of the issues in the conflict with the city and the Seaside Chamber of Commerce was the right of a unit to carry the Declaration of Independence in an Independence Day parade.

It is the paraders' contention that the nation is drifting toward a totalitarian police state precisely because the Declaration of Independence has never been fully realized in this country and today its most fundamental and humanitarian concepts are no longer honored by the nation's leaders or by many of the nation's voters. The entry in the parade was intended to serve an educational function and, therefore, was perhaps more patriotic--in the best sense of the word--than most other entries.

In the words of the leaflet: "The trial of the Seaside 19 is a political trial! Drop the charges! The real issue is not blocking the streets (which in any case we were not doing); the real issue is what we were trying to say." The police's choice of our protest as an occasion to punish us, after holding the citations in reserve for 2-1/2 months, would tend to confirm this analysis. After picketing the City Hall, the demonstrators moved up Canyon Del Rey and then thru downtown Seaside, leafletting on the way.

The local Peace & Freedom Party speculates that the eagerness of the Seaside police to prosecute the harmless act of marching at the end of the parade, that was probably no violation at all, stems from pressure from Fort Ord. The base has recently closed its gates to the public partly because organizers for Movement for a Democratic Military, one of the 5 groups marching in the Independence Day Parade, have been coming onto the base and talking to GIs.

## Who Cares Residential Construction Is Increasing

by Mel Vercoe

Now that scientists have been able to converse with a chimpanzee, I may become an optimist.

The population of our rather confused little Earth (only 8,000 miles from one side to the other through the center) is about three and a half billion humans (and a lot of other living things). I don't have the figures on the number of horses, cows, crows and chimpanzees.

However, we can project ahead to the year 2,000 A.D. (only thirty years from now) and estimate the human population at about seven billion, if we can find a place to put them.

In just the flicker of an instant in time the human species has used up or destroyed natural resources that took millions of years to develop and which could have served mankind, had we been less greedy, for perhaps thousands of years in the future.

In addition, we have created conditions that have made life impossible for many other species of life.

Thus, I really can't take seriously our very late in the day clamor for saving the environment, et cetera, partly because almost every effort in this direction dies a natural death if it costs money, interferes with profitable businesses or inconveniences anybody besides the guy with the idea.

So, let's face it. Man is the bad weed in the garden--the unwanted cannibal fish in the

Continued on Page 8

A surprising strength in residential construction in recent months has caused Bank of America to revise upwards its forecast on California housing starts.

The bank now expects housing starts to total about 145,000 in 1970 instead of the 130,000 predicted earlier this year.

All is not brightness, however, despite the upward revision.

"We're afraid that some builders are building for a non-existent market," said R. Gene Conatse, bank vice president and senior economist.

He explained that builders are continuing to build prestige homes in the \$30,000 to \$40,000 bracket, flying in the face of two factors that will, unfortunately, leave many of these homes unsold.

"Some builders seem to be constructing homes as if it were the early 'Sixties and the state's heavy-in-migration were still an actuality," Conatse said.

"Then, too, rising construction costs have cut severely into the ability of many families to own homes."

During the first seven months of 1970, actual housing starts in California were 88,122, down from 103,465 for the same period in 1969.

## Do you want to believe in God?

You can. Not just because of what someone says about God. But because of what you yourself can learn and prove about divine Love.

Like the woman who was instantly freed by an assailant one night -- when she turned to God in prayer. Or the entertainer whose back was healed through prayer after he was told he couldn't walk without surgery.

These individuals found that divine Love meets even the most challenging human needs... that powerful spiritual laws are available for anyone to use.

You can learn more of these laws by reading this week's Bible Lesson.

## THE PHONE BOOTH

Iron + Tin + Zinc = Beige. If you have a beige telephone, that's the formula used to make it that color. And these aren't all the elements it contains. Your standard phone has 42 of the 104 known chemical elements, ranging from precious metals like gold, silver and platinum (in tiny amounts for electrical contacts) to more plentiful copper, iron and lead.

The elements are in chemical compounds -- such as the hydrogen and carbon that form the plastic housing of your phone. That's the formula for your basic black set. And making telephones other colors is not achieved by painting them. Adding mercury to the compound makes them red. Cadmium makes them yellow, and chromium, green.

United Nations Day is October 24. President Nixon has asked all Americans to observe the U.N.'s 25th anniversary this year as a reminder that the U.N. is the chief rallying point for those who seek world peace and world economic and social stability.

### The Question Box

Q Are the "toll free" numbers I've seen advertised really free?

A Yes. Many businesses advertise special numbers which permit their customers on the Monterey Peninsula to call them free of charge. You never have to mention that the call is collect or wait for them to accept charges. These companies welcome your call and automatically pick up the tab.

Pacific Telephone

Don Booth

## What It Is And What It Isn't

"Lack of communication," "generation gap" -- these are phrases that we hear when talking about the relationships between the adults and the youth. We Seaside High students wish to bridge the gap and tell the people about what is important to us: Our feelings, our clothes, our entertainment, our school. This doesn't represent the feelings of one person or of one group of people, thus our title, "What It Is...and What It Isn't." Please read this. We're asking for communication.

### ADMINISTRATION

Last year at Seaside High School, students were permitted to program themselves. The students were jammed into the gym according to their grade. Seniors had first choice, juniors second and sophomores had leftovers. This year the programming was a bit different. The programs were made out by counselors and sent to the students by mail. If the students were not satisfied with their programs, they were given the chance to change them one week before school started.

Principal Dr. James Solberg was asked why the students weren't able to program themselves this year. His reply was, "We studied what happened when the students programmed themselves and found that many students took some classes that they didn't need. They took them just because their friends were in them." He also told this writer that in the manner of programming we had this year, students got the classes they wanted and needed.

### CLASSROOM HAPPENINGS

Mrs. Ledzinski, a teacher in the Homemaking Department, has come up with a revolutionary grading system. This system works on an extra credit basis. The more extra credit reports and work a student does, the more bonus stamps he gets. Then, at the end of the quarter, the student can turn in his bonus stamps and get his grade brought up -- if he has enough stamps saved.

Mrs. Ledzinski has planned this over the summer and the students really dig it. She is very excited and enthused about her new stamp method and is sure it will work well.

### ORGANIZATIONS

The first week of school is designed to help a student orientate to the school and to the rest of the students. Clubs are available to students and students are encouraged to join them. Clubs are not mandatory, but are there for them.

The Booster Club, a club for the parents, hopes to create better understanding between the parents, school and students. In the past, the Booster Club has held raffles, firework sales and has provided funds for various supplies and operation costs for other school activities.

Mrs. Hosler 242-2418/Mrs. Galloway 242-2056

### POLITICS

No teacher may show any political views while on school time. This is a requirement of a new state law. The law affects social studies teachers more than anyone else due to their involvement and teaching about our present world. The state requires that they act impartially when discussing political views.

Mr. Thompson, a civics teacher at Seaside High, Continue To Page 6

**CANDY-STRIPERS** -- Twenty-five local girls have taken off their candy-striped uniforms and put on their school clothes, ending a summer of good deeds as Red Cross Volunteers at Fort Ord Army Hospital.

Pictured are nine of the girls: (back row) Kim Darling of Marina, Jennifer Odell of Fort Ord, Mrs. Fariss Hardin, chairman of volunteers, Mary Bowles of Marina; (front row) Marley Davis of Seaside, Betty Harvey of Fort Ord, Pacita Fortes of Seaside, Iris Sutton of Fort Ord, Nancy Miller of Monterey, Dolores Baxter of Seaside.

## Sea Voyages Bookkeeping To Be Shown Class Is Offered

Monterey Peninsula College's new September-to-May documentary film series, "Man and His World," will open Friday, September 25, with a program of two films on the voyages of Captain and Mrs. Irving Johnson on a two-masted sailing vessel.

The program will begin at 8 p.m. in the MPC music hall and will be repeated Sunday (September 27), at 2:30 p.m. Both series tickets, at \$6, and individual admissions, at \$1, will be available at the door. Series tickets are also available at the college community services office mornings, as are brochures describing the films.

"The Voyage of the Brigantine Yankee," first of the two color films, takes the Johnsons and crew on a globe-girdling trip, including the Pacific Islands, Orson Welles narrates.

"Yankee Sails Across Europe" features a voyage from the Mediterranean to the important parts of Europe, north to Amsterdam and later into the Baltic Sea.

## MPC Needs Secretary

A position is open in the Monterey Peninsula College evening division for a secretary willing to work from either noon to 9 p.m. or 1 to 10 p.m.

Qualifications include knowledge of basic office methods and machines and the ability to type at 55 words per minute, take dictation at 90 words a minute and transcribe at 40 words a minute. High school graduation plus one year of secretarial experience or other education or qualifying experience is desired.

The position involves acting as a receptionist as well as the handling of general secretarial duties. Starting salary is \$471 monthly, to increase to a top of \$567 after four years. MPC, which also provides such fringe benefits as health, dental and life insurance and income protection, is an equal opportunity employer.

Applications will be taken immediately by Mrs. Judy Patengale in Building T-3 on campus.

## Teachers Meet Petersdorf

Professional colleagues gathered at Oberg's Friday evening, September 18, to welcome the new Monterey Peninsula Unified School District Superintendent Allan J. Petersdorf.

The affair, sponsored by the Monterey Bay Teachers Association, provided an informal opportunity for teachers, administrators, and Board of Education members to greet the popular new education leader.

Mr. Petersdorf and his family have bought a house in Monterey and are looking forward to living on the Peninsula.

## What It Is And What It Isn't

Continued From Page 5

was asked how this law would affect him. He believes it is very difficult to teach social studies and remain impartial. He has no plans of changing his teaching style, although he admits he expresses a political view while teaching. If most teachers feel like this, shouldn't the law be changed?

### EDITORIAL:

#### DISCRIMINATION AGAINST THE POOR?

If you're a qualified Seaside High student who plans on running for a class office and can't afford a student body card, forget it! Student body cards MUST be purchased by all class officers, as well as classroom representatives, cheerleaders, football players and participants in other similar activities. Not only must a candidate for office purchase a student body card, but according to the student handbook under "Election Requirements," persons signing a candidate's petition for office must have one. However, this requirement is not enforced.

This may be a good way of raising money for the student body, but some are asking the question, "Why stifle a student's freedom by forcing him or her to buy a student body card in order to participate in the student's chosen activity?"

### COMMUNITY HAPPENINGS: FT. ORD

It seems the kids on Fort Ord are upset about the Youth Center situation. A few months ago there was a dance. A big disagreement occurred during that time and the center was closed. Now the new people can't meet anyone, so they don't know anyone. A few of the teenagers at Ft. Ord are getting together to try and get it re-opened. Good luck to them.

### SOCIAL HAPPENINGS

Last Saturday night from 9 p.m. to 1 a.m., the 87th Off Broadway held a dance at the San Carlos Hotel. The dance was really a good gig until the period between 10 and 11 o'clock when the 87th let some younger groups play.

A large group of people started getting disappointed because they had paid their \$2.50 to see the 87th perform and they didn't want to see these "little kids" performing. Their disappointment was only temporary, for the 87th started playing again and everything was lively.

### CALENDAR OF EVENTS

#### September

25: A dance (rock) will be held at the Agriculture building at the Monterey Fairgrounds. 8 or 9 p.m.

26: Gem and Mineral Exhibit, Exhibition Hall, Monterey Fairgrounds. Noon 'til 10 p.m.

Football game, Seaside vs. Alisal, Salinas. Junior varsity, noon; varsity, 2 p.m.

27: Gem and Mineral Exhibit continues.

Motorcycle races, Monterey Fairgrounds arena. Sign-up 8-11 p.m.

### FASHIONS

Has the midi decided to overtake the mini in fashion? These are some opinions:

M.P.: I think it looks far out on old ladies!  
B.C.: I don't care for it very much. I still prefer minis.

L.J.: It depends on who's wearing 'em!  
C.B.: I never really thought about it. I guess they're alright on some people.

A.L.: I don't like them at all!

### NO WORRY

Mark Twain said it: "I never worry about what I eat, I just put the foods in my stomach and let them fight it out."

### STRIPED BASS

There are an estimated 1.2 million adult striped bass in the Sacramento-San Joaquin estuary.

BOAT DONOR — Mr. and Mrs. Robert M. Allan of Monterey Peninsula Country Club chat with Rear Admiral Robert W. McNitt, Superintendent of Naval Postgraduate School, who accepted Allan's 30-foot sailboat as a gift to school's sailing association.

### NPC Receives Sailboat

The Naval Postgraduate School Sailing Association now has a boat, thanks to the generosity of Robert M. Allan of Monterey Peninsula Country Club.

A long-time sailing enthusiast, Allan recently donated a 30-foot Shields Class sailboat named "STORM" to the association. The sleek fiberglass hull has special non-sinkable bulkheads, and is equipped with three main sails, four jibs, two spinnakers, and a new outboard motor with a special over-the-side bracket. She is ideal for both competitive and recreational sailing.

Pitted against her sister boats last year, STORM won the National Midwinter Championship at Los Angeles. She has also scored victories in the North American Match Racing Union. In the latter race, she was skippered by England's Gold Medal winner

Ian McDonald Smith.

The Naval Postgraduate School Sailing Association is part of the U.S. Naval Sailing Association, a national organization formed several years ago to encourage a sporting relationship with local yacht clubs and sailing associations in this country and abroad. Since it began in June of this year, the Monterey Chapter has received valuable assistance from the Monterey Peninsula Yacht Club. Now comprised of 50 members, the association is open to everyone assigned to the Postgraduate School, and all active duty or retired military on the Peninsula. Its members will receive training in recreational sailing and will gain some racing experience in preparation for championship competition.

In addition, STORM will give some students at the Postgraduate School a chance to get away from the books and back to sea for a while.

### More MPC Students Earn Honors

Monterey Peninsula College students are getting smarter and smarter.

This encouraging fact was revealed this week in MPC's 1969-70 statistical report.

In 1964-65, the report shows, the percentage of students who qualified for the Dean's List with "highest honors," "high honors" or "honors" was 8.2% of the total enrollment in the fall semester and 9.8% in the spring.

By the end of the 1969-70 academic year last June, the percentages of honor students had risen to 14.3 and 16.5 of the total enrollment.

In fall, 1964, only two students qualified for "highest honors" with straight-A, or 4.0 grade point averages. In spring, 1965, five students qualified. The most recent figures show 40 students winning "highest honors" in fall, 1969 and 43 in spring, 1970.

Steady growth was also reflected in the enrollment statistics published in the report. In 1965-66, MPC's cumulative enrollment for the year—including day classes, evening classes and summer session—was 6,998. At the end of the unusually large 1970 summer session, the 1969-70 cumulative total had reached 10,475.

### HELPFUL FOOL

For heart-helping diets, ask the Central Mission Trails Heart Association for "The Way to a Man's Heart" and a companion recipe booklet.

## Nursery School Begins

The Peninsula Parent Nursery School has just begun its fall semester at Ord Terrace School, 1755 LaSalle Avenue in Seaside. The program is sponsored by the adult education division of the Monterey Peninsula Unified School District.

The cooperative school offers a stimulating pre-school environment for children 2 years, 6 months to kindergarten age. Two and three-day sessions are offered with classes from 9:15 a.m. to 11:45 a.m. Monthly fees are \$6 for the two-day group and \$10 for the three-day group. Parents interested in en-

rolling their children in this inter-racial and non-sectarian school may call Mrs. Lee J. Struer, membership chairman, at 384-6179 or Mrs. Robert Bendick, president, at 394-7219.

Mrs. Joseph Russell, director, feels that by bringing mothers into the daily routine of the school as assistants on a rotating basis the parent participating school offers a unique opportunity for parents to actively take part in their child's learning. Also, it helps parents to develop new skills in child rearing.

### AMERICAN SETTLERS

First party of American immigrant settlers came to California in 1841.

## Vega Is Award

The 30 day use of a Roller Chevrolet 1971 Vega automobile will be one of the top prizes to be awarded in Pacific Grove's Hole-In-One Contest, October 9, 10 and 11.

The use of the Vega will be awarded to the first person to score a hole-in-one, according to Ernie Singleton, Roller's General Manager. If no hole-in-one is scored, the golfer coming closest to the hole will win the prize.

Singleton said that the only restriction placed on the use of the Vega was that it must be driven by a licensed driver for no longer than 30 days and not over 2000 miles. Singleton said Roller will pay for the insurance, but that the winner will have to buy the gas & oil.

In another Hole-In-One development, Jack Brandon, Chamber of Commerce Committee Chairman, announced he was donating almost \$1200 worth of golf clubs for the contest; a \$199 set of McGregor clubs will be awarded to the first man and a set to the first woman to score a hole-in-one on each day of the contest.

Brandon said other donated prizes are beginning to be received by the chamber office and that these would be used for the closest-to-hole hourly awards. A minimum of three prizes will be awarded each hour.

The contest, Pacific Grove's Chamber of Commerce's traditional fund raising event, will be held this year from 7:30 a.m. to 5 p.m. on October 9, and from 9 a.m. to 5 p.m. on the 10th and 11th, at the 14th Green of the Municipal Course. The 14th Green is located adjacent to the Senior Citizens Club House, corner of Jewell and Briggs in Pacific Grove.

Brandon, popular Pacific Grove golf pro, also said that this year a \$1.25 breakfast will be served at the contest until 11 a.m. daily. The breakfast will consist of sausage and eggs and "all of the Golden West pancakes you can eat."

"Advance sale of tickets will commence on the first of October at most Peninsula golf courses, sporting goods stores and at many other businesses," Brandon stated. "These advance tickets are good for four shots for \$1." He also noted that contestants buying the breakfast will be entitled to one free shot.

## Lobos Open Home Season

Monterey Peninsula College's home schedule opens Saturday, September 26, when Coach Lukie Phillips and the MPC football team take on the Ventura College squad at 8 p.m. in the MPC stadium.

Other home games for the Lobos are against DeAnza College, October 3; Solano, October 10; Menlo October 17 and Cabrillo, October 31. The annual tilt with Hartnell, arch-rival of the Lobos, is scheduled for November 14 in Salinas.

Tickets, purchasable at the gates, are \$2.50 for adults; \$1.50 for students and service personnel in uniform and 50 cents for children under 12 who are accompanied by adults.

## Ali Reed Enlists In Marines

Ali Reed has enlisted in the United States Marine Corps for a three year period and is now undergoing recruit training at the Marine Corps Recruit Depot, San Diego. Ali is the son of Mr. and Mrs. Reed, both of Marina.

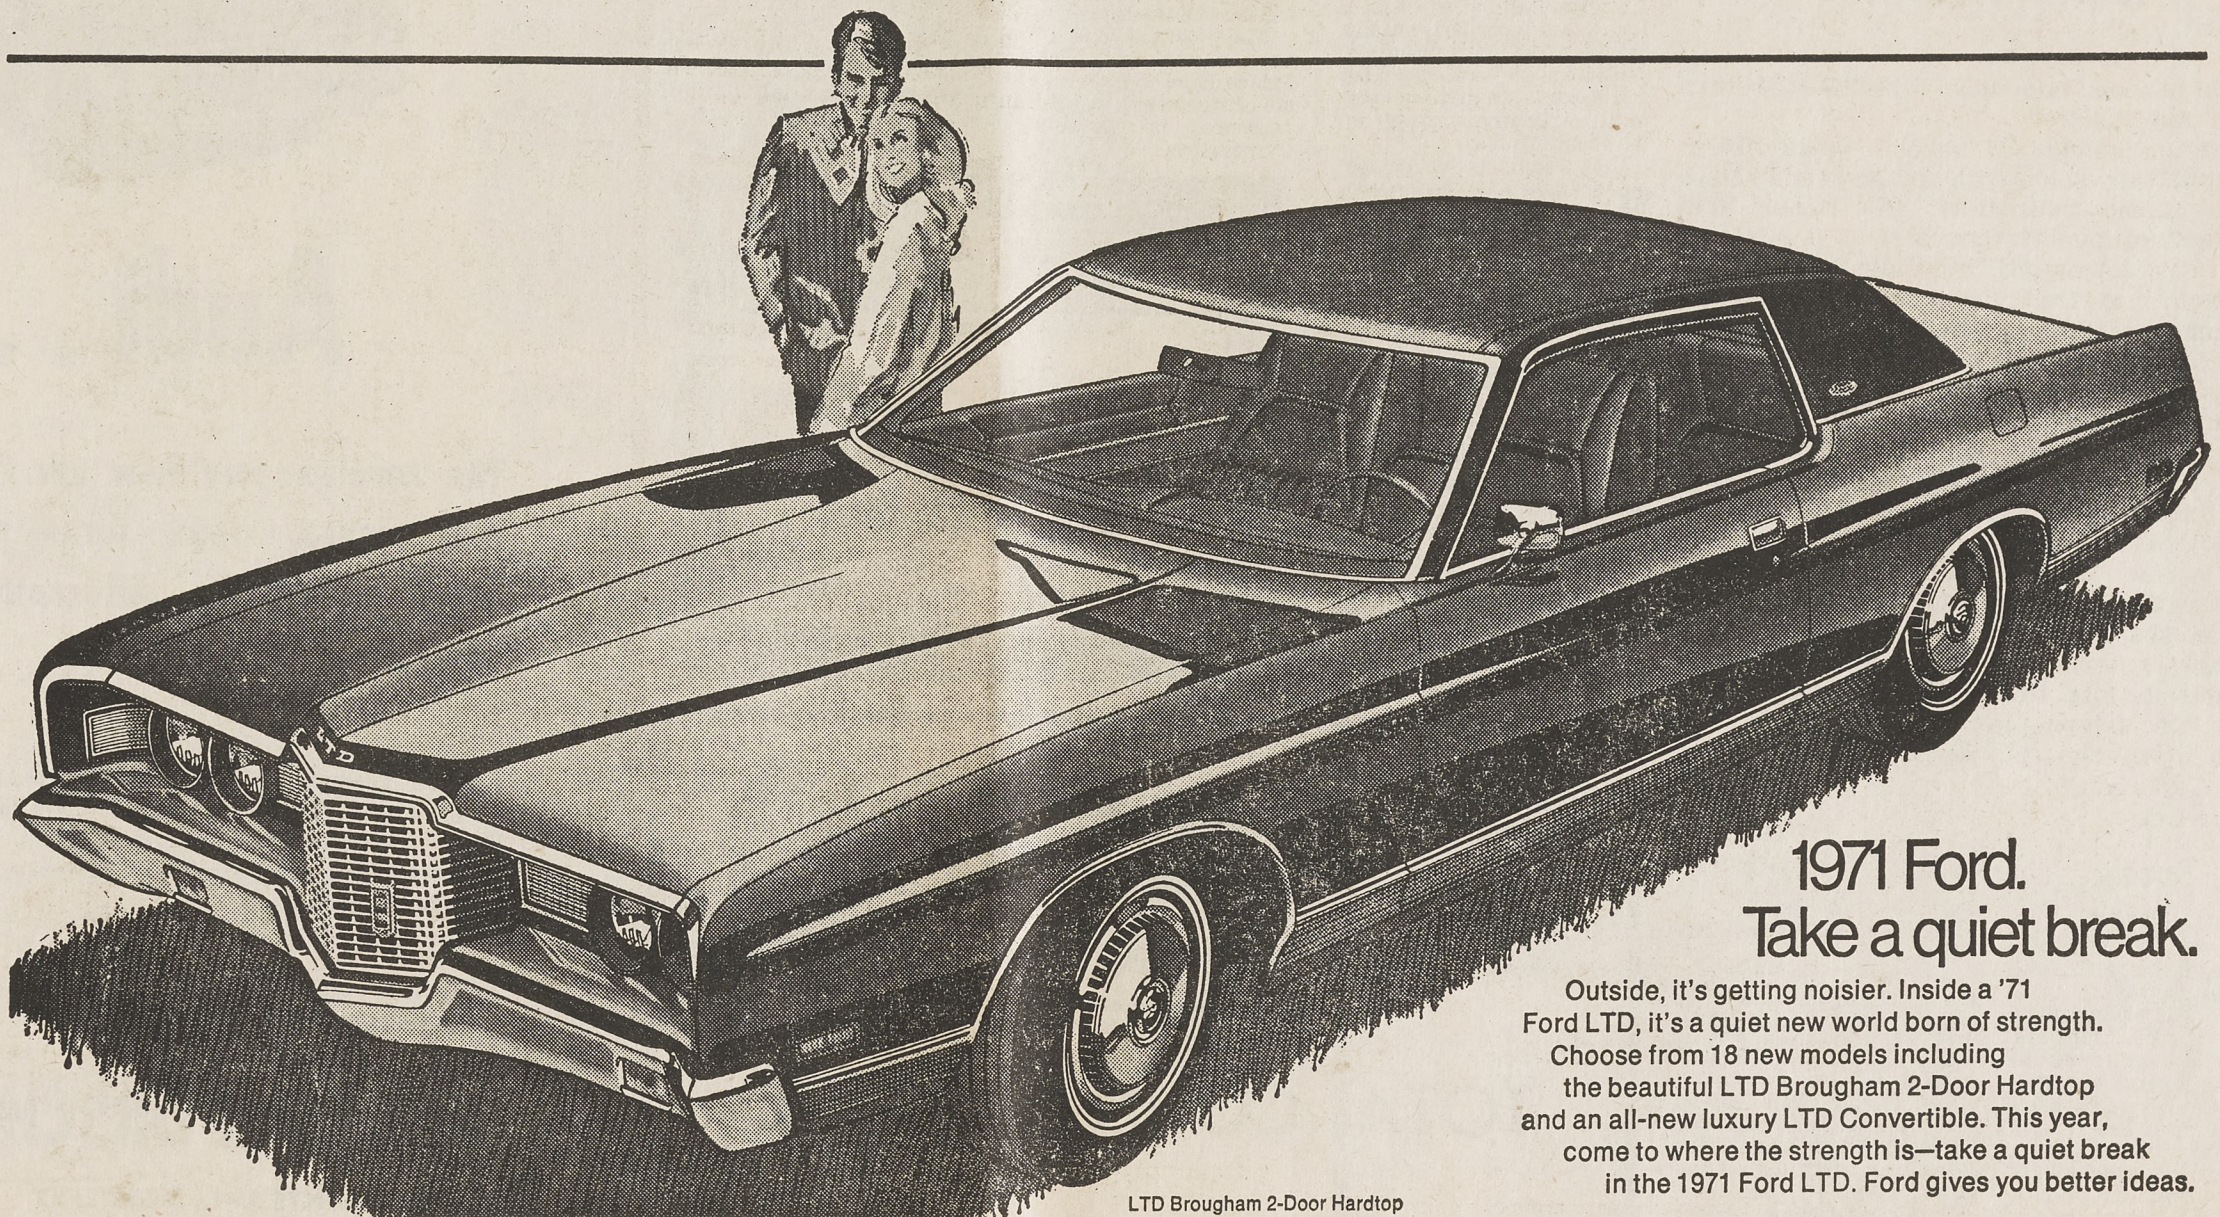

Included in the nine weeks of intensive schedules are classes in physical training, close order drill, marksmanship training, Marine Corps history, first aid and many hours of classroom work in varied military subjects. After bootcamp, Ali will go to Camp Pendleton for advanced training, after which will follow assignment to school, so that he will be proficient in one of over 400 jobs that the Marine Corps has. His assignment could carry him to one of many Marine Corps installations in the United States.

Private Reed attended Seaside High School.

## BLUEFIN CAPITAL

North Lake, on Prince Edward Island's northeast coast, some 70 miles from the provincial capital of Charlottetown, is becoming well known as the center of bluefin tuna fishing in North America. Last year, some 30 tuna in the 100-800 pound class were boated, and this year Island waters are again proving to be the home of the really big ones.

# America, your new cars are ready! The 1971 Fords.

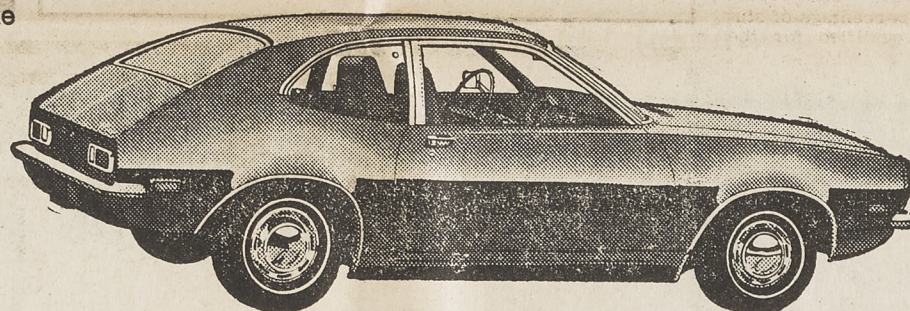

## 1971 Ford. Take a quiet break.

Outside, it's getting noisier. Inside a '71 Ford LTD, it's a quiet new world born of strength. Choose from 18 new models including the beautiful LTD Brougham 2-Door Hardtop and an all-new luxury LTD Convertible. This year, come to where the strength is—take a quiet break in the 1971 Ford LTD. Ford gives you better ideas.

LTD Brougham 2-Door Hardtop

## Ford's New Pinto. The little carefree car.

Ford's new little Pinto is priced and sized like the little imports, but it's roomier. Quiet and stable, too. Pinto goes a long way between gas stops, service intervals, even styling changes. Comes well-equipped. Put a little kick in your life. Pinto—the little carefree car.

## 1971 Torino. The Ford that gives you better ideas...for less.

Make it better. Price it lower... Torino, Ford's lean, middle-size car. Up to five inches more wheelbase than the nearest competition. Big-car options our nearest competitor doesn't offer. Fourteen different Torino models to choose from.

Torino Brougham 2-Door Hardtop

Maverick 4-Door Sedan

## 1971: Make yourself a Maverick.

It's as simple as 1-2-3. 1. Economy-economy Maverick. Still simple to own, drive, service, park. 2. Sporty-economy Maverick Grabber. Adds a little more jazz to saving. 3. 4-door economy Maverick. Easier ins and outs, more room in the back. Three Simple Machines for '71. Make yourself a Maverick.

## 1971 Mustang. America's challenge to the great European road cars.

How does a nice homegrown Mustang stand up to the great road cars of Europe? Beautifully. With great looks and handling, at a fraction of the cost. With more models to choose from, including Mach I, Grandé, Hardtop, SportsRoof, Boss 351 and Convertible. With seven engines and a long, long list of options. Our aim? To give you the most versatile, exciting car you can buy. At a price you can afford.

Mustang Mach I

tion by Michael D'Amico of the San Francisco architectural firm of D'Amico and Associates, and landscape architect Charles Haugh to the city council, city planning commission, parks and recreation commission and other city officials.

Key points of the plan, D'Amico told the city officials, include a raised divider strip down the center of Fremont, planters and planted areas with trees on each side, including a 25-foot-wide landscaped section along the Gateway Center wall, and use of tile and brick paving to mark sidewalks and intersections.

## Betty Mann

Continued from Page 2

wonderful how our hometown folks like to return and help their own).

Now for a change of pace I would like to share this little poem with you busy and active mothers in the community. (As I read this poem I think of myself.) (smiles)

## Mother and Her Clubs

My mother's at the club today, I don't know just which one. But anyhow she's gone away to have a lot of fun. She's got a dozen clubs I guess and everyday or so she's lookin' up some new address where she's supposed to go. And when she's home she's busy, too, she's always at the phone, advising someone what to do--and when she's left alone, she's writin' what the speaker said and checkin' her accounts to see just why they're in the red in such absurd amounts. Last year my mother said that she was through for good and all--she simply wasn't going to be in any club this fall. But when she told them she was through and all her friends got sore, she kept her place in every one and joined a couple more.

Until next week,  
Jazzy Betty.

## Who Cares

Continued from Page 4

fish tank--and his future is dim, to say the least. Therefore, I view the possibility of conversing with chimpanzees as a ray of hope. Chimpanzees have not destroyed the earth, their population is stable, they have never increased their interest rates, and wouldn't have the slightest idea of how to conduct a war. It might hurt our pride a little bit, but look at the advantages of having a chimpanzee in the White House, an-

## School Opens

nership with the School Safety Patrol. As a special plea to drivers, the CSAA urged them to be patient with young children, who are just forming their walking habits.

other making fund raising speeches for the Chimpanzee Relief Fund instead of for the Republican party and a Congress made up largely of chimpanzees from the People And Chimpanzees First and Big Business Second Party.

## Legion Has Initiation

The Seaside and Marina American Legion Posts held a joint initiation last week. At a pot luck dinner, hosted by the Seaside Auxiliary, all new and old members, who had not yet been formally initiated, went through the ceremony.

On September 29, there will be a social committee meeting at 7:30 p.m. (prior to the executive meeting).

The Seaside Post birthday party will be held on October 17. Art Schuetz, who is in charge, has announced that this will be a sit-down dinner followed by dancing.

Legion Post 581 will host a Red Cross Blood Drive at the Seaside Fire Department on September 29 between 2 p.m. and 6 p.m. The drive is open to all legionnaires as well as the general public.

Nick Padilla is looking for new members for the Seaside Post color guard. Anyone interested in joining it should contact him.

## Enlists In Marines

Bruce M. Wray has recently enlisted in the United States Marine Corps for a four year period and is currently undergoing recruit training at the Marine Corps Recruit Depot, San Diego, California.

Bruce is the son of Mr. H. B. Wray, of 1505 Ord Grove Avenue, Seaside. He attended Seaside High School.

## Teachers Praise Agreement

The California Teachers Association (CTA) on September 11 hailed an agreement which ended a teachers' strike in Daly City as "a significant step forward for the rights of teachers to negotiate with school boards, which will result in improved education throughout California."

## Partners Return

Continued from Page 1

land International Airport to Mallorca on September 4.

Mr. and Mrs. Doyle were accompanied by Madison and his sister, Mrs. William Schol, of Los Altos Hills. Mrs. Madison was unable to go with her husband due to business commitments.

While on the island, they were entertained at the Nix Palace Hotel with a full schedule of sightseeing and parties, sponsored by the Admiral Corporation.

A "Memorandum of Agreement" was ratified by the 400-member Jefferson Classroom Teachers Association (JCTA) and the Jefferson Elementary School District Board of Education late Thursday, September 10.

JCTA is the sixth affiliate of CTA and NEA (National Education Association) in California to ratify written agreement of a similar type with their school boards.

The JCTA teachers, who had been on strike since September 3 during a pre-opening of school preparation period, returned to work last Thursday. The official opening of school was put off for one day until Friday.

Commenting on the settlement, Mrs. Margaret L. Lemmer, CTA President, said: "Agreements like this will give impetus to a great new era of education in California. They will help give teachers pride in working for quality

education, because the teachers will know that the quality components, in large part,

will be the result of their dedicated efforts and negotiations, with boards of education."

Rees noted that the Jefferson district negotiations, which averted the continuance of the

strike into the opening of school, "were a model of goodfaith give-and-take by the teachers and the school board."

### MPC Dean Is Named Outstanding

Dr. John R. Blakemore, dean of instruction at Monterey Peninsula College, has been selected for the 1970 edition of "Outstanding Educators of America," an annual publication designed to "recognize and honor men and women who have distinguished themselves by exceptional services, achievement and leadership in education."

Dr. Blakemore joined the administrative staff at MPC as dean of student personnel in 1965, later receiving the promotion to his current position. He came to Monterey from Cerritos College, where he had been an instructor, dean of counseling, dean of students and dean of instruction.

He was also an instructor at Fullerton Junior College. He earned his B.A. degree in history at Whittier College, his M.A. in psychology at the University of the Pacific, and his Ph.D. at the University of Southern California.

Guidelines for selection for recognition in "Outstanding Educators" include the man or woman's talents in the classroom, contributions to research, administrative abilities and any civic or professional recognition previously received. Over 5,000 biographies appear in the volume, which includes an introduction by former Vice-President Hubert Humphrey.

### Earns Medal

Private First Class Andrew Morzal, 21, son of Mr. and Mrs. Joseph P. Morzal of Seaside, recently received the Army Commendation Medal while serving with the Americal Division near Duc Pho, Vietnam.

Pfc. Morzal earned the award for meritorious service as a rifleman in Company A, 4th Battalion, 3d Infantry, 11th Light Infantry Brigade of the division.

## Radarmen Needed By Army

For young men interested in receiving training as Radar Operators and Crewmen, the army has immediate openings available, according to army recruiting sergeant Garcia.

The job is entitled counter-battery/countermortar radar crewman. Army radar crewmen select radar sites, emplace, orient, check, adjust and operate radars and perform radar gunnery and survey. They also perform maintenance on radar equipment.

This demanding job requires a high degree of familiarity with radio and telephone operation and the operation and employment of radar sets. Persons enlisting for this option will attend a six week and five day course at the U.S. Army Field Artillery School, Fort Sill, Oklahoma, following eight weeks of mandatory basic training.

For additional information about this and other opportunities available in the U.S. army, interested persons should contact Sgt. Jose Garcia at 431 Webster St. in Monterey or call him at 372-4742.

## Mental Health Director Named

Dr. Richard S. Fraser, Director of Mental Health, Monterey County, announced recently the designation of Dr. Terence O'Meara to succeed Dr. Keith Rubrecht as Program Chief of the Mental Health Services Program in Monterey County.

Dr. O'Meara has held the position of Psychiatrist in the Mental Health Services Program in Monterey County since August of 1968. In that position, he has been the second senior person in the County's Mental Health Services Program. He has acted as Program Chief during the temporary absences of Dr. Rubrecht and has represented the County at mental health conferences and meetings which Dr. Fraser and Dr. Rubrecht could not attend.

Dr. Keith Rubrecht, the former Program Chief of the Mental Health Services Program, occupied that position for a period of 7 years. Since 1966, Dr. Rubrecht has divided his time between his responsibilities as Program Chief and his private practice. In July, Dr. Rubrecht announced his intent to resign from the Mental Health Services Program effective August 28, 1970, in order to devote himself completely to his private practice. Dr. Rubrecht based his decision on personal reasons.

Dr. O'Meara will occupy the position of Program Chief of Monterey County's Mental Health Services Program on a full time basis.

O'Meara took his degree at the U.C. California College of Medicine in 1962. Thereafter, he engaged in private medical practice from July, 1962 until January, 1964. In January of 1964, he became a resident Psychiatrist and later a Fellow in Child Psychiatry at Langley Porter Psychiatric Institute in San Francisco. In August of 1968, O'Meara accepted the position of Psychiatrist in the County's Mental Health Services Program. O'Meara is married and has 2 children. He and his family reside in Toro Park in Salinas.

## Sergeant Gets Posthumous Awards

In a posthumous award ceremony the Silver Star, the Bronze Star Medal and the Purple Heart were awarded to Sergeant First Class Robert Foreman, Jr., who was killed while engaging the enemy in Vietnam on March 26, 1970. The medals were presented to his widow by Colonel A.L. Orlow of Ft. Ord's Division of Plans and Training during the ceremonies on the Post Parade Field Friday afternoon, September 11.

Part of the citation that accompanied Sgt. Foreman's Silver Star, the nation's third highest award for valor read "Sergeant Foreman received an intense amount of fire but remained to continue his assault of the bunkers. He repeatedly attacked the entrenched insurgents resulting in the destruction of three enemy bunkers and numerous North Vietnamese casualties."

Later on this day, March 26, Sergeant Foreman died. At the time of his death he was serving with Troop A, 1st Squadron, 11th Armored Cavalry Regiment as a Platoon Sergeant.

## New Deputy Commander Is Named

Colonel Stephen E. Cavanaugh, a native Californian and former special forces officer, has been assigned to Fort Ord as the post's new Deputy Installation Commander. He comes to this post after serving two years in Vietnam.

A veteran of 27 years of active duty, Col. Cavanaugh was born in San Diego and entered the Army after graduating from the University of California, Los Angeles with a A in History. He completed the Reserve Officer Training Course at UCLA.

During World War II he served in the Philippines as a platoon leader and, later, as company commander from 1944 to 1946. Many of his assignments have been overseas and include three years in Berlin, two years in Taiwan, a previous one year tour in Vietnam in 1961, and four years in Germany with the 8th and 10th Special Forces Groups.

When asked how he felt about coming to Ft. Ord Col. Cavanaugh answered:

"I'm very pleased for two reasons. The first is because this is a position different from any I've served in previously and therefore I'm looking forward to the challenge, and also because I've always considered the Monterey area to be one of the most beautiful spots in this country and being assigned to California is like a homecoming to me."

Colonel Cavanaugh's service schools includes the Command and General Staff College at Fort Leavenworth, Kansas and the Army War College in Carlisle, Pennsylvania. He also completed a Masters degree in International Relations at George Washington University while in the service.

His decorations earned during his career include the Legion of Merit with Oak Leaf Cluster, the Silver Star with Oak Leaf Cluster, the Distinguished Service Medal, the Bronze Star Medal, the Purple Heart with Oak Leaf Cluster and the Army Commendation Medal with two Oak Leaf Clusters.

## His Ship Is Efficient

Navy Seaman Arnold Layson, son of Mr. and Mrs. Benjamin Layson of Marina, wears an "E" on his uniform to indicate that his ship, the nuclear powered missile cruiser USS Long Beach, recently won the battle efficiency competition held annually among all cruisers in the Pacific Fleet.

## New Book Is Better

Pacific Telephone's Monterey and San Benito Counties directory is a dam site better this year—San Antonio Dam, that is.

The Southern Monterey County landmark graces the cover of this year's telephone book, which was recently distributed.

Don Boston, PT&T manager in Monterey, said the 1970 edition lists 74,016 subscribers

among its 296 white pages, and serves 139,600 telephones in the twin-county area. This represents a 5,200-station gain over 1969. Also new this year is a convenient, detachable insert for personal numbers, plus a special section under "G" for frequently called federal, state, county and local government numbers.

SUPERIOR COURT OF THE STATE OF CALIFORNIA FOR COUNTY OF MONTEREY

NOTICE INVITING BIDS  
NOTICE IS HEREBY GIVEN that the City of Seaside, County of Monterey, State of California, hereby invites sealed proposals for the following work to be done according to plans and specifications on file, adopted therefore, to-wit:

MODIFICATION OF CITY HALL

Proposals for the above mentioned work will be received by the City of Seaside, County of Monterey, State of California, until 10:00 A.M. on Thursday, October 15, 1970, at the office of the City Clerk at the City Hall, 440 Harcourt Avenue, Seaside, California, at which time all bids will be publicly opened and read aloud by the City Clerk who shall report the results of the bidding to the City Council of said City Council on Thursday, October 15, 1970, at its regular meeting beginning at 8:00 P.M., at the meeting room of said City Council, City Hall, Seaside, California. The City of Seaside reserves the right to reject any or all proposals and to waive any informality in proposals received.

Each bid shall be in accordance with the plans and specifications adopted therefore, submitted on the proposal form furnished and accompanied by a certified or cashier's check or bidder's bond made payable to the City of Seaside, for an amount equal to at least ten per cent (10%) of the amount bid, such guaranty to be forfeited should the bidder to whom the contract is awarded fail to enter into the contract within ten (10) days after notification of the award of contract to the bidder.

Said plans and specifications are now on file in the office of said City Clerk and may be secured from that office by payment of five dollars (\$5.00), a refund of five dollars (\$5.00) will be made upon the return of said plans and specifications in good condition within ten (10) days after the award of the contract.

All wage scales shall be in accordance with AGC agreements and trade union agreements. By order of the City Council of the City of Seaside, Monterey County, California.

## LEGAL NOTICE

NOTICE OF TRUSTEE'S SALE (#111029)

On Tuesday, October 13, 1970, at ten o'clock a.m., in the lobby of the office of Coast Counties Land Title Company, 439 Tyler Street, in the City of Monterey, County of Monterey, State of California, COAST COUNTIES INVESTMENT COMPANY, as Trustee, will sell at public auction to the highest bidder for cash, in lawful money of the United States, the real property situated in the County of Monterey, State of California, described as follows:

PARCEL I  
Lots Numbered 1 and 2 in Block #1, as said Lots and Block are shown on that certain map entitled, "Map #6 Del Monte Heights," filed for record February 6, 1912, in the office of the County Recorder of the County of Monterey, State of California, in Volume 2 of Maps, "Cities and Towns," at page 33.

PARCEL II  
Lots Numbered 3 and 4 in Block #1, as said Lots and Block are shown on that certain map entitled, "Map #6 Del Monte Heights," filed for record February 6, 1912, in the office of the County Recorder of the County of Monterey, State of California, in Volume 2 of Maps, "Cities and Towns," at page 33.

Said sale will be made without covenant of warranty regarding title, possession or encumbrances, to satisfy the obligations secured by, and pursuant to the power of sale conferred in certain Deed of Trust, executed by TRUSTEES TO THE SAUNDERS COMPANY, as Trustee, for the benefit and security of SAUNDERS-CALIFORNIA CORP., a corporation, dated August 23, 1968, and recorded August 27, 1968, in Reel 570 of Official Records of Monterey County, California, at page 1930.

Whereas, the beneficial interest in the above mentioned Deed of Trust has been assigned to HAROLD F. SAUNDERS, TRUSTEE FOR FRANK HAROLD SAUNDERS by Assignment dated July 1, 1969, and recorded July 8, 1969, in Reel 612 of Official Records of Monterey County, California, at page 1930.

AND WHEREAS, COAST COUNTIES INVESTMENT COMPANY, a corporation, has been substituted as Trustee in the place and stead of THE SAUNDERS COMPANY by deed dated February 11, 1969, and recorded February 14, 1969, in Reel 593 of Official Records of Monterey County, California, at page 246.

Notice of default of said obligation and election to sell said real property was recorded on June 9, 1970, in Reel 653 of Official Records of Monterey County, California, at page 961. Nothing has been paid on account of the principal or interest on said loan subsequent to the filing of said Notice of Default.

This notice is given in compliance with the written application heretofore made on the Trustee by the said Beneficiary.

The owner and holder of the promissory note and the indebtedness secured by said Deed of Trust, or any other person may purchase at said sale. Dated: September 11, 1970.

Case Number 1355  
ORDER FOR PUBLICATION  
OF SUMMONS

PEARL JEANNETTE  
HOFMANN, Petitioner,  
and  
ERNST NORBERT HOFMANN  
Respondent

Upon reading the affidavit submitted by petitioner and it satisfactorily appearing therefrom to me that the respondent has departed from the State of California and it also appearing from the verified petition that a good cause of action exists in this action, in favor of the petitioner therein and against the respondent and that the said respondent is a necessary and proper party; and it further appearing that a Summons on the petition has been duly issued out of said Court in this action, and that personal service of the same cannot be made upon said respondent for the reason hereinafter contained, and by said evidence made to appear, on motion of HOGE, FENTON, JONES & APPEL, INC., attorneys for petitioner, it is ordered that the service of said respondent by publication thereof in the SEASIDE POST NEWS-SENTINEL, a newspaper of general circulation published at Seaside, California, hereby designated as the newspaper most likely to give notice to said respondent; that said publication be made at least once a week for four weeks.

And it further in like manner satisfactorily appearing to me that the last known place of residence of said respondent is 520 Park, Pacific Grove, California. It is ordered and directed that a copy of said Summons and of said Petition in this action be forthwith deposited in the United States post office post paid, directed to said Summons, and of said Petition shall be deposited in the post office, as aforesaid by GLORIA ROBERT who is hereby selected to perform that duty. Undelivered letters shall be attached to the Affidavit of Mailing.

Done this 14 day of August, 1970.

RALPH M. DRUMMOND  
Judge of the Superior Court

NOTICE OF TRUSTEE'S SALE  
C.C.L.T. Co. #109873

On Monday, the 5th day of October, 1970, at 10:00 o'clock a.m., in the lobby of the office of the COAST COUNTIES LAND TITLE COMPANY, 439 Tyler Street, in the City of Monterey, County of Monterey, State of California, COAST COUNTIES INVESTMENT COMPANY, as Trustee, will sell at Public Auction to the highest bidder for cash, in lawful money of the United States, the following described real property situated in the City of Seaside, County of Monterey, State of California, and bounded and described as follows, to-wit:

PARCEL I  
Lots Numbered 16, 18 and the North 1/2 of Lot Numbered 20 in Block Numbered 21, as said Lots and Block are shown on that certain map entitled, "Map No. 4 of Del Monte Heights," filed for record April 5, 1909, in the office of the County Recorder of the County of Monterey, State of California, in Volume 2 of Maps, "Cities and Towns," at page 13.

PARCEL II  
All that portion of Mendocino Street, formerly Washington Street, lying westerly of the centerline of the above named street and bounded on the north by the extension of the northerly lot line of Lot 16, Block 31 and on the south by the easterly extension of a line dividing the north and south halves of Lot 20, Block 31 as said Lots, Block and Street are shown on that certain map entitled, "Map No. 4 of Del Monte Heights," filed for record April 5, 1909, in the office of the County Recorder of the County of Monterey, State of California, in Volume 2 of Maps, "Cities and Towns," at page 13.

Said sale will be made without covenant of warranty regarding title, possession or encumbrances, to satisfy the obligations secured by, and pursuant to the power of sale conferred in a certain Deed of Trust, executed by GEORGE HOFMANN and MARGIE HOFMANN, his wife and Trustor, to coast counties investment company, a California corporation, as Trustee, for the benefit and security of CARMEL SAVINGS AND LOAN ASSOCIATION, a Corporation, dated September 3, 1959, and recorded September 14, 1959, in Volume 1989, at Page 86, Official Records of Monterey County, California.

Notice of default of said obligation and election to sell said real property was recorded in the office of the County Recorder of said Monterey County on the 8th day of May, 1970, in Reel 649, at Page 975, Official Records of Monterey County, California. Nothing has been paid on account of the principal or interest on said loan subsequent to the filing of said Notice of Default. This notice is given in compliance with the written application heretofore made on the Trustee by the said Beneficiary.

The owner and holder of the promissory note and the indebtedness secured by said Deed of Trust, or any other person may purchase at said sale. DATED: August 31, 1970.

NOTICE OF TRUSTEE'S SALE  
C.C.L.T. Co. #109899

On Tuesday, the 6th day of October, 1970, at 10:00 o'clock a.m., in the lobby of the office of the COAST COUNTIES LAND TITLE COMPANY, 439 Tyler Street, in the City of Monterey, County of Monterey, State of California, COAST COUNTIES INVESTMENT COMPANY, as Trustee, will sell at Public Auction to the highest bidder for cash, in lawful money of the United States, the following described real property situated in the City of Seaside, County of Monterey, State of California, and bounded and described as follows, to-wit:

The Easterly 15 feet of Lot 41, all of Lot 42 and the Westerly 10 feet of Lot 43, in Block 8, as shown on "Map No. 12 of Monte Heights," filed for record February 6, 1912, in the office of the County Recorder of the County of Monterey, State of California, in Volume 2 of Maps, "Cities and Towns," at page 33.

Said sale will be made without covenant of warranty regarding title, possession or encumbrances, to satisfy the obligations secured by, and pursuant to the power of sale conferred in a certain Deed of Trust, executed by GEORGE R. SHREVE, as Trustor, to COAST COUNTIES INVESTMENT COMPANY, a California corporation, as Trustee, for the benefit and security of CARMEL SAVINGS AND LOAN ASSOCIATION, a Corporation, dated February 24, 1967, and recorded March 2, 1967, in Reel 495, at Page 804, Official Records of Monterey County, California.

Notice of default of said obligation and election to sell said real property was recorded in the office of the County Recorder of said Monterey County on the 1st day of June, 1970, in Reel 632, at Page 738, Official Records of Monterey County, California. Nothing has been paid on account of the principal or interest on said loan subsequent to the filing of said Notice of Default. This notice is given in compliance with the written application heretofore made the Trustee by the said Beneficiary.

The owner and holder of the promissory note and the indebtedness secured by said Deed of Trust, or any other person may purchase at said sale. Dated: September 2, 1970.

JANE H. VAN HOOK, STEVE A. SLATKOW, DAVID L. REED, LEGAL ADVICE SOCIETY OF MONTEREY COUNTY, 1970 Columbus Street, Seaside, Ca. 93955; Attorneys for Petitioner

SUPERIOR COURT OF CALIFORNIA, COUNTY OF MONTEREY, P.O. Box 182, 240 Church Street, Salinas, California 93901

In re the marriage of Petitioner: NOELIA HUERTA A and Respondent: ISIDRO HUERTA; CASE NUMBER DR-1483; SUMMONS (MARRIAGE)  
To the Respondent:

The petitioner has filed a petition concerning your marriage. You may file a written response within thirty days of the date that this summons is served on you. If you fail to file a written response within this time, your default may be entered and the court may enter a judgment containing injunctive or other orders concerning division of property, spousal support, child custody, child support, attorneys' fees, costs, and such other relief as may be granted by the court.

If you wish to seek the advice of an attorney in this matter, you should do so promptly so that your written response, if any, may be filed on time. Dated: August 19, 1970

EMMET G. McMENAMIN, COUNTY CLERK

JANE H. VAN HOOK, STEVE A. SLATKOW, DAVID L. REED, LEGAL ADVICE SOCIETY OF MONTEREY COUNTY, 1970 Columbus Street, Seaside, California 93955; Telephone: 394-8571 or 394-8572; Attorneys for Petitioner

SUPERIOR COURT OF THE STATE OF CALIFORNIA FOR THE COUNTY OF MONTEREY  
In re the marriage of Petitioner: NOELIA HUERTA A and Respondent: ISIDRO HUERTA; No. DR 1483; APPLICATION FOR PUBLICATION OF SUMMONS AND ORDER OF MONTEREY

I, THE UNDERSIGNED, DECLARE: That I am the Petitioner in the above captioned Petition; That Petitioner and Respondent were married on April 14, 1966, in Salinas, California; That in December 28, 1969, Respondent, without any reason at all, deserted Petitioner. That Respondent cannot with due diligence be located within the State of California. The facts of due diligence used in the effort to find Respondent, ISIDRO HUERTA, are as follows:

I searched the telephone directories of Monterey County and the City of Salinas, the City Directory of Salinas, and the Yellow Pages of Salinas, but was unable to find his name listed therein.

I went to the office of the District Attorney, and checked with the District Attorney, with the hope to find light on Respondent's whereabouts, still the District Attorney is unable to find him.

Likewise, I canvassed his friends, relatives, former employer, the Motor Vehicle Office, Police Department, and Sheriffs Office in Salinas, and other sources of available information, however, no one could furnish any information leading to Respondent, ISIDRO HUERTA.

A good ground for Dissolution of Marriage exists in favor of Petitioner and against Respondent, as shown by the verified Petition filed hereto, which Petition is hereby incorporated by reference, the same as though fully set forth at length.

The Seaside Post and News Sentinel is a newspaper of general circulation, published in the City of Seaside, County of Monterey, State of California; That the publication of Summons in said newspaper is most likely to give notice of the Dissolution of Marriage between Petitioner and Respondent.

WHEREFORE, Petitioner prays that this Court order that service be made upon Respondent, ISIDRO HUERTA, by publication of Summons in the Seaside Post and News Sentinel for four (4) consecutive weeks.

I DECLARE, under penalty of perjury, that the foregoing is true and correct. EXECUTED ON 8-31, 1970, at Salinas, California.

s/ Noelia Huerta  
NOELIA HUERTA, Petitioner

ORDER  
Upon reading and filing the affidavit of Petitioner, NOELIA HUERTA, and it appearing to the satisfaction of the Court that the Respondent, ISIDRO HUERTA, resides out of State, and it also appearing that a good cause of action exists against said Respondent in favor of Petitioner; and it further appearing that a Summons has been duly issued out of said Court in this action and that personal service of the same cannot be made on said Respondent within the State of California for the reasons herebefore stated; and it appearing that the last known address of Respondent is: 713 Resaca Drive, San Benito, Texas;

IT IS HEREBY ORDERED that service of Summons in this Petition be made upon the Respondent, ISIDRO HUERTA, by publication thereof in the Seaside Post and News Sentinel, a newspaper published in the County of Monterey, State of California, which newspaper is hereby designated as the newspaper most likely to give notice to said respondent; and that such publication be made for four (4) consecutive weeks.

IT IS FURTHER ORDERED that a
